“It’s not every day I come across a game I simply MUST finish in order to rate it. This is one of those. In an era where ARPGs, or Action Role Playing Games, are rarely reported upon, this title is a breath of fresh air.” – IGN “Rise, Tarnished does exactly what an ARPG should and everything that is missing from contemporary mobile RPGs. This game feels like those that came before it, and has the same charms and flaws that they did.” – Pocket Gamer “The Lands Between are a beautiful place that would be the perfect world for a fantasy epic.” – 25INGENESIS “A grand and beautiful game that takes cues from WoW, Final Fantasy, and FFXIII.” – Game Goblin “A game that excels in every respect, from graphics to story to gameplay.” – PLAYISM “Rise, Tarnished may not be as responsive as other ARPGs, but the overall gameplay is smooth. It's also beautiful and engaging, and can be played online with friends.” – Toucharcade “The first few hours of gameplay are packed with great ideas and put

together with a level of polish I haven't seen in a mobile title." - 9thPlane "An absolutely extraordinary, impressive and original game." - IGN "This game is worth the hassle of downloading and playing it." - Not A Robot "In a world inundated with ARPGs, this is one to remember." - FirstPost "The originality, gameplay, art direction and my personal favorite, the spell system, the Lands Between. Just, the Lands Between." - Abadango "It's almost too good to be true, but that's what makes Rise, Tarnished, such a great deal." - Gamezoid "Rise, Tarnished has everything I look for in ARPGs: beautiful graphics, great combat, and a brilliantly conceived story." - TouchArcade "Rise, Tarnished is more than just a game, it is a piece of art and a labor of love." - Journal Forte bff6bb2d33
